

11TH EUROPEAN MEETING ON INTERMEDIATE FILAMENTS
TURKU, FINLAND | JUNE 9TH - 11TH 2019

IMAGE AND VIDEO COMPETITION

THE EURO IF IMAGE AND VIDEO COMPETITION IS NOW OPEN – WIN A GoPro CAMERA!

We welcome you and your colleagues to participate in our international intermediate filament image and video competition. The competition is aimed at providing scientists and microscopists everywhere with an opportunity to reveal their awe-inspiring captures of intermediate filament proteins and processes to the world.

We invite you to submit entries with scientific and/or artistic perspectives.

This competition is organized in conjunction with the European intermediate filament meeting 2019 (EUROIF 2019) represented by Åbo Akademi University, University of Turku and Turku Bioluminescence (Finland).

The deadline for submissions is **midnight GMT 6th May 2019**.

The primarily selected submissions will be displayed during the EURO IF conference in June 2019 in Turku, and the winners will be awarded accordingly. Participating in this competition is not limited to the participants of the EURO IF conference. For more information and submissions, follow the entry link below (maximum 5 submissions/person).
